

Wisconsin Interscholastic Horsemanship Association (WIHA) is a program for student's grades 6-12 that allows them to compete as an equestrian team ideally representing their high school. WIHA was created 3 years ago and is modeled after a program in Michigan that has been in place for over 30 years. Michigan currently has 550 teams and more than 3000 riders. The Wisconsin association had its first State competition in 2008 with 114 student members. In 2009 the membership more than doubled and boasted 254 competitors in the program, with hopes for greater numbers in 2010.

This program is different than the similar traditional horse show events where the participants compete individually. Our program brings them together to compete as a team.

WIHA is divided up into 18 districts and 4 divisions (depending on team size). Each district must have 3 shows. The teams placing 1st and 2nd for the season in each division will then compete at the WIHA State competition in October.

WIHA is not affiliated with any other group or organization. The program is completely self governed and self funded, but will accept sponsorship from outside sources.

With every program there are financial responsibilities. WIHA would really appreciate your support in sponsoring this rapidly growing youth program.

Thank you for your support.
